Decision Science Workshop

Date of the Event: (DD/MM/YYYY)	29/1/2023	Duration:	3 Hrs
Day of the Event:	Sunday	Venue:	Seminar Hall, IMERT, Pune

Sr. No.	Brief report /Description on the event
1	On 29 th January 2023, MM's IMERT had organised a half day workshop on Decision Science. Prof. Nidhi Molgi from RIIM Arihant Institute of Business Management, Pune was Guest Speaker who guided MBA Semester – III students regarding concepts and models associated with Decision Science. After the introduction of the guest speaker, Prof. Amruta Kshirsagar felicitated Prof. Nidhi Molgi.
2	The objective of the workshop was to make students understand some concepts of decision science especially sequencing and probability. The session started on 10:00 a.m. In the first part of the session, the sequencing part of decision science was covered. The orator started the session with explaining the important concepts of decision science and their application in real life. The sequencing part was explained from the scratch and ended with solving of few examples based on sequencing.
3	The concept of probability was taught by the professor from the basics. In the probability session, probability distribution and the problems related were solved by the students. The related notes and problems were shared by Prof. Nidhi Molgi on the email to all the students. The half-day session ended on 1:30 p.m.

ITR(Income Tax Returns) Filing Workshop

MM's IMERT and MMCOE organised a two-day workshop on Income Tax Return (ITR) Filing for the MBA 2nd year students on 12th and 13th January, 2023. The workshop was co-ordinated by DLF Finance Specialization, Prof. Chaitrali Kale (IMERT) and Prof. CA Sanu Purandare (MMCOE).

The guest speaker was CS Abhishek V. Vidwans (Member of Board of Studies, SP College, Member,Corporate Advisory Board,National Insurance Academy,Gold Medallist, LLB).

The session started at 10:30 am and ended by 1 pm on both days.

Day 1

The session started with introduction and felicitation of the guest speaker. The speaker started the session by discussing the basic working, types and terminology of income tax.

After briefly discussing the history of Income Tax, the session moved on to the topic of ITR and E-filing. The evolution, functions, working, advantages and other details regarding ITR as well as E-filing were taught to the students. Students were also introduced with the types of ITR and briefed about E-filing components such as utility software and JSON file.

New tax regime and Old tax regime were particularly discussed.

Lastly, the case studies were taken. The speaker ensured that the session was interactive. The case studies helped students understand ITR, tax regime, deductions and other concepts more deeply.

The session ended by 1 pm.

Day 2

On day 2, the session started at 10:30 am in the computer lab. The objective of day 2 was to provide students with practical experience of filing ITR and calculating tax under the guidance of the speaker CS Abhishek Vidwans. The students had access to a computer system as they were instructed to download the utility software for offline ITR filing.

After brief discussion on types of ITR, document and eligibility requirements for the ITR filing was discussed. Students were guided to the official site for income tax where they got to explore the interface and learn about different options available to taxpayers.

Through the offline utility software, students were able to learn more deeply about different sources of income, deductions, allowances and so on in detail. The speaker also spoke about concepts such as updated return and defective return.

Lastly, an assessment test was conducted to examine the knowledge gained by students. The test was followed by a brief segment where the speaker talked about the most likely asked questions regarding ITR filing during an interview.

Feedback form was distributed on both the days. Prof. CA Sanu Purandare gave vote of thanks to the speaker CS Abhishek Vidwans. The session ended by 1 pm.

Day 1

On the first day of workshop, the session began with introduction and felicitation of CMA Vinod Shete by Prof. Chaitrali Kale. The speaker started the session by discussing the types of tax and basics of GST. He also taught the highlights of direct and indirect taxes. The students were briefed over the old taxation system and compared the differences with the new system. He also talked about countervailing duties and anti-profiteering. He discussed case studies and ensure that the session was interactive.

The second half of day 1 started at 2 pm, CA Ashish Gandhi and Mr. Kiran Marne took over the session on filing of GST returns. Felicitation of CA Ashish Gandhi was done by Prof. Chaitrali Kale in start of the session.

The agenda of this segment was to get hands on experience of GST returns filing. The online process of filing GST returns from registration to document filing.

The session ended by 5 pm after a brief Q&A segment.

Day 2

On Day 2, the session was conducted in computer lab at 10 am. In this session, the GST applicable on segment of goods and services was told. The types of GST were discussed. The products exempted under GST. Topics such as Input tax credit, setting off the tax and reverse charge mechanism were discussed. Mixed and Composite Supply, procurement planning and cost effective procurement were taught to the students. The speaker also talked about minimizing the tax liability. The speaker introduced the students to the e-way bill system. Lastly, an assessment test was conducted to examine the knowledge gained by students. The test was followed by a brief segment where the speaker talked about the most likely asked questions regarding GST filing during an interview. Feedback form was shared on both the days. The session ended by 1 pm.

Benefits of AI ,Data Pyramid ,property of Autonomy

- AI drives down the time taken to perform a task. It enables multi-tasking and eases the workload for existing resources.
- AI enables the execution of hitherto complex tasks without significant cost outlays.
- AI operates 24x7 without interruption or breaks and has no downtime
- AI augments the capabilities of differently abled individuals
- AI has mass market potential, it can be deployed across industries.
- AI facilitates decision-making by making the process faster and smarter.

2:17 PM | Session on AI in Business Applications

shrutika kulkarni is presenting

Artificial vs. Human Intelligence

- The Turing Test is a method for determining whether or not a computer is capable of thinking like a human.
- In Turing's test, if the human being conducting the test is unable to determine whether an answer has been given by a computer or by another human being,
- Then the computer is considered to have "passed" the test.

Advance MS Excel Workshop for 2nd Year MBA students

Date of the Event: (DD/MM/YYYY)	15 to 16 June 2022	Duration:	2:00 pm – 5:00 pm per day
Day of the Event:	Thursday - Friday	Venue:	IMERT Computer Lab, Pune.
No. of Participants	30		

MS Excel is one of the most fundamental tools required for day-to-day operations by 2nd year students in Finance, HR related various functions.

This training, exclusively designed for them, will help them understand power of MS Excel, utility of functionalities in their day-to-day work, shortcut keys etc. This will also help reduce time duration required to complete day to day activities, identify potential errors, use formulas more effectively. It will reduce their dependence on those who know Excel (may be better than them)

Since 1994

Complete program was conducted as per plan. Guest explained the technical content of MS Excel in a very lucid, easy to understand manner. He used English, Hindi, Marathi language to ensure participants from Admin, Account and other non-teaching staff understand everything that he is sharing.

Participants gave whole hearted response to the training by following whatever trainer instructed. Trainer added some fun moments in the training and ensured it is live and interactive.

Participants asked their queries freely and trainer responded convincingly.

Post training feedback has been very good. More than 74% participants rated this training / trainer as "Excellent" and remaining rated as "Good". 100% participants mentioned that they would like to learn more from same trainer on same and even other topics. They agreed that their knowledge and skill have definitely enhanced. Almost all people liked entire coordination, seating arrangement, infrastructure etc.

within him/her. He discussed about the opportunities post Covid-19 and challenges to be faced for seeking the job.

Mrs Anupama Naidu Yoga trainer, guided students about the state of mind during happiness, anger and anxiety. Do an individual maintain health and hygiene of mind and keep mind healthy in all situations of life. She explained the importance of meditation to keep mind healthy. Yoga as therapy for healing of mind and body. Breathing can make the difference and relax your mind and energise your body and keep us fit.

Ms Tanuja Koshy Yoga Trainer and Art of Living Teacher demonstrated the exercise of yoga in practical form. Exercise to eyes and neck for relaxation due to excess use of electronic equipment's like mobile, laptop, TV etc. during lockdown. She taught students Bhastrika a fast breathing technique to increase immunity of the body system and release harmful toxins from body. Kapalbhatai another breathing technique to improve functioning of kidney and liver, enhance blood circulation and digestion. She made practice of meditation to students, to reduce stress and develop concentration. The chanting of Omkara, refresh mind with positive energy and increase calmness. Most of these exercises can be done sampling seating on chair and during free time from work.

The session was conducted online through zoom platform. Online registrations and provisioning of participation certificates were automated through Google Forms. 73 students attended the webinar. Prof Aparna Shastri delivered vote of thanks to the guest speaker and management of Marathwada Mitra Mandal.

English Communication.

- 1) Importance of the English language in a corporate environment.
- 2) English Communication is for you to become more confident and competent when communicating in a business, corporate or organizational context, specifically in giving presentations, conducting meetings, pitching new ideas and delivering a project proposal.
- 3) English language learning will allow you to communicate effectively with people from all over the world, making travelling a lot easier and helping you to learn more about different cultures. The importance of English language can be seen in almost every aspect of our lives.
- 4) It is mainly because almost all forms of business communication such as emails, presentations, sales and marketing and even corporate legal documentation are now carried out in English.

REPORT OF GUEST LECTURE FOR MBA IInd YEAR STUDENTS

Marathwada Mitra Mandal's IMERT Pune organised Guest Lecture /webinar for MBA IInd year students on "Stock Market Terminologies" speaker for the lecture was Mr. Sameer Gandhi, Stock Market Consultant and Founder of Kanchan Investments. Dr. Rupendra Gaikwad, Head of Dept, IMERT formerly welcomed and introduced Mr Sameer Gandhi. Being an engineer by qualification he choose to enter the stock market and is one of the successful names in Pune E- Stock Broking Ltd. and diverted into Green energy and is supplying solar systems.

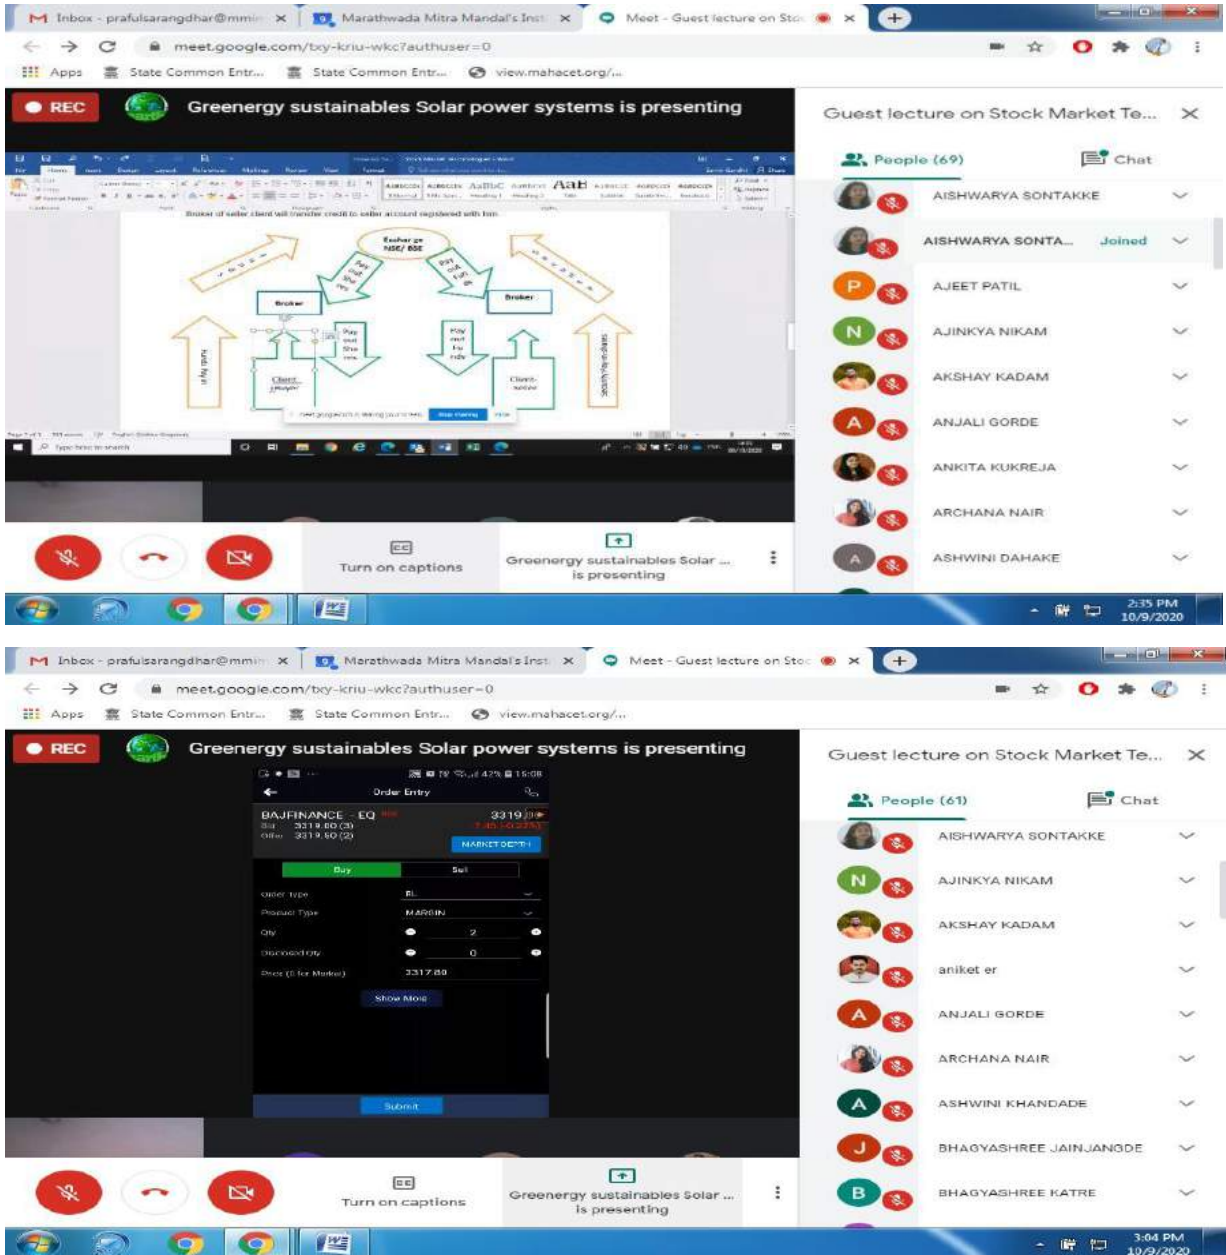

Mr. Gandhi explained the basic concepts of stock market, Forms of business are Sole Proprietary firm, Partnership Firm, Private Ltd companies and Public Ltd companies.

Why shares are sold by companies to collect equity capital, Capital can also be collected through debts. Usually public ltd companies raise capital through public offerings. Public ltd companies to raise capital from public need to register their company with SEBI. Stock market is a place where two types of people come together one who needs funds for business and other who have excess fund and want to invest in business. When you buy a share of any company you become partial or proportionate owner of that company. Share market is divided into two parts; Primary Market: IPO, FPO, Offer for sale takes place. Secondary Market is where sellers and buyers come together through e-platform to trade the shares and earn money. He explained the transaction at stock market through flow chart. He logged in the portal which showed live status of buying and selling of shares at secondary market. Various reports generate through the portal, with some examples he showed the demo how trading takes place. How documentation takes place, when you buy shares. Contracts from brokers and other related documents received. How does Dmat account function, who all can open dmat account? what is concept of T+2 Transaction day and second working day after transaction your accounts will be settled , shares will be sold from your dmat or if you have purchased shares amount will get deducted and shares will be seen in your dmat account. How people earn money from the market and what can make you lose money in market is a question of experience and study.
