We are thankful to Marathwada Mitra Mandal's Institute of Management Education Research and Training (IMERT) for making us aware about various government programs under Unnat Bharat Abhiyan (UBA).

The staff and students of IMERT personally visited our village and gave information about UBA. We are eager to regularly invite the institute for the overall development of our village.

These initiatives of the institute are truly appreciable and we are happy that our village has been adopted by the institute for further development.

Art of Living - Appreciation letter

To,
Respected Dr.Shubhangee Ramaswamy
Director
Institute of Management Education Research and Training
Pune

Sub: Expression of Appreciation for participating in the EduYouth Meet.

Respected Sir/Madam,

Warm Greetings!

Our heartfelt appreciation for your valued presence and participation in the EduYouth meet held on 4th Feb 2023 in Pune.

The EduYouth meet was a grand success and a historic event with the participation of approximately 1.5 Lakh Students and Educators.

We heartily congratulate and thank you for partnering with The Art of Living Foundation in heralding a new era in the field of Indian education based on Human Values, Student Support and Progression as per the National Education Policy 2020, thereby enabling a healthy and stress-free society.

The historic pledge by the 1.5 lakh youths was entered in the India, Asia & World Book of Records. This is a beginning of creating a drug-free India, which shall require your active support and participation.

I am confident that our meaningful collaboration for the holistic well being of students shall continue for years to come!

Thank you once again.

Yours Sincerely,

Himanshu Nagarkar
Director, The Art of Living

Carbon Footprint Audit Report

Carbon Footprint Audit Report

Global warming is currently one of the most important concerns & Carbon footprint has become a widely used concept in general public on responsibility and abatement action against global warming. The carbon footprint measures the impact on the planet in terms of how many greenhouse gas emissions we emit directly or indirectly in our daily activities as an organization. IMERT in association with Climekare Sustainability Private Limited carried out the carbon audit for the year 2023 & offset the 480-tons of carbon units from MW solar grid power project by Vyshaka Solar Energy Systems Private Limited (VSESPL) **It is privileged to state that we are one of the pioneer higher educational institute to take this initiative to support environmental sustainability**

The objective of the event was to handover the carbon footprint audit report prepared by Climekare Sustainability Private Limited for MM's IMERT campus

Mr. Pradeep Patil project coordinator extended a warm welcome to the participants and introduced Climekare Sustainability Private Limited & Mr.Hemant Nagarkar Director of Climekare.

Dr.Shubhangee Ramaswamy Director IMERT expressed her views on environmental sustainability and MM's IMERT vision to create a future where organizations are able to reduce their environmental impact and contribute to the global effort to mitigate climate change.

Mr.Hemant Nagarkar Director of Climekare Sustainability Private Limited provide comprehensive guidance to participants on environmental sustainability & importance of carbon neutrality. He emphasized the importance to reduce the emission & involvement of youth for environment conservation. He also shared valuable strategies on how effectively we can reduce emission and future scope in India as a developing nation.

Carbon Footprint Report For MMCOE & IMERT College Campus

About Climekare Sustainability Pvt. Ltd. –

At ClimeKare Sustainability Pvt. Ltd., we are committed to helping organizations achieve their sustainability goals. We provide comprehensive services related to climate change mitigation, including carbon footprint accounting, carbon neutral advisory, ESG reporting, and CSR for climate change mitigation. Our experts understand the complex regulations and policies related to carbon Emissions and will help you develop a plan to meet your emissions targets.

Our mission is to help organizations reduce their carbon footprint and achieve their sustainability goals. We strive to provide comprehensive services to enable our clients to develop a comprehensive strategy for climate change mitigation.

Our vision is to create a future where organizations are able to reduce their environmental impact and contribute to the global effort to mitigate climate change. We believe that companies should be held accountable for their carbon emissions and have a responsibility to develop sustainable solutions. We are committed to helping our clients reduce their carbon footprint and create a more sustainable future.

About this Report -

This report provides a detailed greenhouse gas emissions arising in June 2022 to May 2023 at MMCOE & IMERT College Campus. The report content brief Information about Scope I, Scope II & Scope III calculation of emission & Mitigation to MMCOE & IMERT College Campus.

It has been prepared following a review of internal and external documentation, questionnaires with coordinator and interrogation of source data and data collection systems. All data collected and analysed within this report follow the World Resources Institute GHG Protocol principles of relevance, completeness, consistency, transparency and accuracy.

Objective of this Report –

Calculate the Carbon footprint emission of Institute and suggest the mitigation to make carbon neutral.

Introduction ...

We have eight planets in our solar system, each one circling the sun at a different distance. Earth is the third planet and we are in what is called the ‘Goldilocks Zone’. That means we aren’t too hot and we aren’t too cold; we are just right. This has allowed life to thrive on earth because the temperature is perfect enough to allow liquid water, which is believed to be one of the key elements to have life on a planet. Venus has what is called a runaway greenhouse effect. It’s a never ending cycle of heat being trapped inside due to the rising carbon dioxide levels. This is what happens when an atmosphere absorbs too much carbon dioxide: the heat has nowhere to go. As the temperature rises it effects the entire planet, creeping deep into the depths of the core.

Greenhouse gases (GHGs) are gases that increase the temperature of the Earth due to their absorption of infrared radiation. Although some emissions are natural, the rate of which they are being produced has increased because of humans. These gases are emitted from fossil fuel usage in electricity, in heat and transportation, as well as being emitted as by product of manufacturing. The most common GHGs are carbon dioxide (CO₂), methane (CH₄), nitrous oxide (N₂O), and many fluorinated gases. A greenhouse gas footprint is the numerical quantity of these gases that a single entity emits. The calculations can be computed ranging from a single person to the entire world. The latest climate science is published in the IPCC Sixth Assessment Report. The report presents key scientific findings linking the increase in anthropogenic GHGs emissions in current climate change. According to the report, it is only possible to avoid warming of 1.5 °C or 2 °C if massive and immediate cuts in greenhouse gas emissions are made. Intergovernmental Panel on Climate Change (IPCC) – Assessment Report 6

- In next 20 years, global temperature is expected to reach or exceed 1.5°C of warming
 - Strong and sustained efforts are required.
 - To achieve “Net Zero” by mid of the century - To avoid catastrophic effects
-
- ❑ UNFCCC global target to achieve Zero Emission by 2050
 - ❑ Globally, Businesses have set 2050 as target year for Net-Zero

Global warming is currently one of the most important concerns confronting the international community at the local, national, and global levels. The most immediate and visible effect of global warming is an increase in global temperatures. The global averaged combined land and ocean surface temperature has risen by 0.85 °C over the last 130 years (1880-2012) and is expected to climb further. The increase in global mean surface temperature is expected to be 0.3°C to 1.7°C under RCP 2.6, 1.1°C to 2.6°C under RCP4.5, 1.4°C to 3.1°C under RCP 6.0 and 2.6°C to 4.8°C under RCP 8.5 by the end of the 21st century as compared to 1986-2005. Increasing greenhouse gas emissions is one of the primary causes of global warming. According to the different climate models, it was projected that earth surface temperatures will increase in the range of 1.6 up to 5.8°C by end of this century in line with current rates of population growth and GHG emissions .

Carbon footprint has become a widely used concept in general public on responsibility and abatement action against global warming over the last few years. It can be defined as a measurement of the total GHG emissions caused directly and indirectly by an individual, an organization, event or product and is expressed as a carbon dioxide equivalent (CO₂e).

An organizational carbon footprint measures the GHG emissions from all the activities across the organization, including energy used in buildings, LPG use in kitchen and student and staff commuting etc. calculating an organization's carbon footprint can be an effective tool for ongoing energy and environmental management.

Methodology for Calculations...

The carbon footprint measures the impact on the planet in terms of how many greenhouse gas emissions we emit directly or indirectly in our daily activities as an organisation.

Study Area –

Area - MMCOE & IMERT College Campus.

Geographical Coordinates - 18°29'25"N Logitude, 73°48'33"E latitude

Address - Sr.No.18, Plot No.5/3, CTS No.205,

Behind Vandevi Temple, Karve Nagar, Pune,

Maharashtra 411052

Table 2.1 Name of the Departments

Information Technology	Engineering Science
Artificial Intelligence & data Science	IMERT - MBA
FMCIII	

Assessment of Carbon Footprint –

Carbon Footprint of an MMCOE & IMERT college Campus has been assessed using four basic steps, by setting the organizational boundary, setting operational boundary and collection of data and finally calculation of emissions using appropriate emissions factors.

The emissions inventory includes emissions generated by the activity at the organisational level, such as emissions generated directly and indirectly by the use of the offices. In terms of the activities carried out for the implementation of projects, only the emissions generated by

associated work-related travel are included, both through vehicles managed by the organisation and other means of transport.

In the following table the GHG emissions identified to calculate the carbon footprint are presented, which are classified in three scopes,

Table 2.2 Emission Activities

Emission Activities			
Scope	Category	Emission Activities	Activity data
Scope I	Direct Emission	LPG use In canteen & mess	Gas in Kg
Scope II	Indirect Emission	Electricity consumption	kWh of electricity purchase
Scope III	Other Indirect Emission	goods and services used by the organisation ,	Origin and destination of the travel and type of transport used
		Student and staff Commuting	Survey Regarding Travelling
		Waste Generation in Organization	Transport Details
		Business Travel	Transport Details

Data Collections –

Two types of data were collected namely activity data and Emission Factors. Since sampling is not carried out for this kind of study, activity data were collected from all activities within the defined boundaries for one-year period (June 2022- May 2023). Specially, commuting data were collected from all employees of the office as well. Parameters and relevant sources of the activity data related to each and every operations.

Table 2.3 Data Collection

Aspects	Parameters of Activity Data	Sources
LPG - on site	LPG consumption Annually (kg)	Invoices
Electricity – on site	Electricity consumption Annually (kWh)	Electricity Bills

Commuting	Distance traveled annually (km) -Average fuel efficiency of Vehicles -Type of vehicle -No of days per week traveled -No of weeks per year worked in the office -Type of fuel -Average No. of persons	questionnaire
Waste Disposal	Amount of food waste generation annually Amount of waste generation in daily routine	questionnaire
Purchase goods & Services Transportation	Distance traveled	Purchase Book
Business Travel	Distance traveled	questionnaire

Emission Factors have been developed with the use of **2006 IPCC Guidelines for National Greenhouse Gas Inventories**, which can be used to the derivation of Emission Factors for any activity at any place in the world.

Table 2.4 Emission Factors

Activity	Emission Factors
LPG	2.98 kg/kg
Electricity	0.79 kg/kWh
Petrol	2.27 kg/lit
Diesel	2.64 kg/lit

Formula For Calculation –

Carbon Footprint of each emission sources and activities were calculated in kg CO₂e/year by multiplying activity data with Emission Factor.

$$\text{Carbon Footprint (CO}_2\text{e)} = \text{Activity Data} * \text{Emission Factor}$$

Result & Analysis...

Results of the June 2022 to June 2023 Carbon Footprint –

The results of the carbon footprint calculation for June 2022 to May 2023 by scope are detailed below:

Table 3.1 Carbon Emission by Scope I for June 2022 to May 2023

SCOPE I CARBON EMISSION - MMCOE & IMERT							
MONTH	YEAR	FMCIII Canteen		Carbon Emission (2.98 kg/kg)	MMCOE Canteen & mess		Emission (2.98 kg/kg)
		No of Cylinder	19 kg gas/cylinder		No. of Cylinder	19 Kg gas/Cylinder	
JUNE	2022	3	57	169.86	85	1615	4812.7
JULY	2022	3	57	169.86	90	1710	5095.8
AUGUST	2022	3	57	169.86	88	1672	4982.56
SEPTEMBER	2022	3	57	169.86	90	1710	5095.8
OCTOBER	2022	2	38	113.24	70	1330	3963.4
NOVEMBER	2022	2	38	113.24	70	1330	3963.4
DECEMBER	2022	3	57	169.86	90	1710	5095.8
JANUARY	2023	3	57	169.86	95	1805	5378.9
FEBRUARY	2023	3	57	169.86	90	1710	5095.8
MARCH	2023	3	57	169.86	90	1710	5095.8
APRIL	2023	3	57	169.86	95	1805	5378.9
MAY	2023	3	57	169.86	95	1805	5378.9
Total (kg)		34	646	1925.08	1048	19912	59337.76
Total (ton)				1.92508			59.33776
Total Co2 emission (ton)				61.26284			

Scope I is related to fuel which is use under the campus premises. It included FMCIII canteen & MMCOE canteen or mess. By **FMCIII canteen** carbon emission is **1.92508 ton** & by **MMCOE canteen or Mess** is **59.33776 ton**. The total carbon emission of **scope I** is **61.26284 ton**.

Table 3.2 Carbon Emission by Scope II for June 2022 to May 2023

SCOPE II CARBON EMISSION - MMCOE & IMERT				
MONTH	YEAR	UNITS	CARBON EMISSION (0.79kg/kWh)	Carbon Avoided by Solar Water Heater (kg)
JUNE	2022	30421	24032.59	13272
JULY	2022	25674	20282.46	
AUGUST	2022	20683	16339.57	
SEPTEMBER	2022	26344	20811.76	
OCTOBER	2022	21382	16891.78	
NOVEMBER	2022	27745	21918.55	
DECEMBER	2022	30034	23726.86	
JANUARY	2023	28703	22675.37	
FEBRUARY	2023	29018	22924.22	
MARCH	2023	35792	28275.68	
APRIL	2023	37781	29846.99	
MAY	2023	49843	39375.97	
Total (kg)		363420	287101.8	13272
Total (ton)			287.1018	13.272
Total CO2 emission			273.8298	
Total CO2 Avoided in %			4.418494556	

Scope II is related to indirect emission which emit by purchase electricity. The carbon emission by electricity is **287.1018 ton**. There is a solar water heater for heating water for the hostel, which help to reduce the use of electricity. It help to reduced **13.272** ton which is about **4.41%** reduction.

Table 3.3 Carbon Emission by Scope III for June 2022 to May 2023

Scope III CARBON EMISSION - MMCOE & IMERT From June 2022 to May 2023	
Category	Carbon Emission (ton CO ₂ e/yr)
Category 1 - Purchased Goods & Services	0.31152
Category 5 - Waste Generation	3.37656
Category 6 - Business travelled	0.1598307
Category 7 - Student, staff & FMCIII employee Commuting	137.12334
Total (ton CO₂e /yr)	140.9712507

Scope III is related to other indirect emissions which included the different 15 categories but as a discussion four categories are applicable to this campus which are mention as above. The total Scope III carbon emission is 140.971 ton.

Table 3.3 Total Carbon Emission

TOTAL CARBON EMISSION FOR MMCOE & IMERT FROM JUNE 2022 TO MAY 2023	
Scope I	61.26284
Scope II	273.8298
Scope III	140.9712
Total CO₂e in ton	476.06384

Total Carbon Footprint of the campus is 476.06384 t CO₂-e for the June 2022 – May 2023. Electricity is the main factor that most affected to carbon footprint. It accounts 57.51% of the total. Indirect GHG emissions show the highest value, than direct emissions. The Direct emission is only 12.61 % & other indirect carbon emission is about 29.61%.

Image - Pie Chart for Carbon emission

METHODS USED TO REDUCE AND OFFSET CARBON FOOTPRINT IN THE CAMPUS –

INSTALLATION OF ROOF TOP SOLAR –

By using rooftop solar energy systems, users can significantly reduce their carbon emissions. Solar power does not produce greenhouse gases or other pollutants after installation.

Suggestion – As per the MMCOE can undergo solar power plant as per the load sanction capacity of 170 kw (reference – electricity bill June 2023 meter no- 055-X1096527) this will offset about 300 CoU .

USING BIO FUELS FOR TRANSPORTATION

Bio diesel can be used in any diesel powered vehicle, it is biodegradable and non-toxic. Bio Diesel is a helps to reduce CFP as it only releases CO₂ that the plants absorbed whilst Growing; therefore there is no negative impact on the carbon cycle.

Bio diesel which is used in Faculty owned two wheel tractors, has produced from the plant oil Extracted from the Jatropha oil, palm oil and used scraped coconut with transesterification Process within the Faculty. It was found that, the emission of CO from engine exhaust is 45% less than mineral diesel. Therefore it contributes to reduce present and future total CFP in the Faculty. Some researchers are being conducted to produce bio fuels from Algae in the Faculty also.

PUBLIC AWARENESS

The most suitable way to reduce Carbon Footprint is adapting of zero cost activities. People may be aware of those activities through posters. There are some posters used to make student and staff aware such as Turn light off when offices and meeting rooms are empty, ensure electric equipment is off When not in use, and dispose the waste separately in the Faculty.

PLANTATION –

Carbon Sequestration by tree plantation (Silver Maple, Oak, Dogwood, Pine, Neem)

WASTE MANAGEMENT

Students and all staff members are encouraged for segregating waste at the point of origin in the Faculty. Three containers have been established at every building to dispose the waste Separately. It helps to prevent of mixing of recyclable waste with biodegradable waste.

NELDA TREE CONSERVATION ACTIVITY

Date of the Event: (DD/MM/YYYY)	04.06.2023	Duration:	7.30am to 10.30am
Day of the Event:	Sunday	Venue:	Hanuman Tekdi, Senapati Bapad Road

As a part of Institutional Social Responsibility, 2 faculties; Prof. Aparna Shastri and Prof. Amruta Kshirsagar along with 6 students participated in tree plantation and tree conservation activity in association with Nelda Foundation (Deshpee group) on Sunday 4th June 2023. Faculties and students carried out various activities like planting the new sampling of Peepal, Mango, Tamarind, watering the existing plants. Everyone contributed whole heartedly towards this noble cause of tree conservation.

Nature's Future is Our Future -Environment Awareness Program

Marathwada Mitra Manda's Institute of Management Education Research & Training (IMERT) in association with MM's College of Commerce (MMCC) conducted Awareness Program on the occasion of World Environment Day, 05th June 2023 at Karve Statue, Kothrud, Pune.

The program was inaugurated by Hon'ble Judge Mrs. Sonal Patil and Pune Municipal corporation's Kothurd-Warje ward office's Assistant Commissioner Mr. Rajesh Gurram.

During this event MM's IMERT and MMCC considering Institutional Social Responsibility spread awareness among the citizens about Environment and its benefit to human lives. Students from the institute interacted with citizens, made them aware about the hazardous effects of single use plastic and other material which causes pollution and leads to damage to the environment. Some of the students passed on message of saving water through street play as well.

The event was marked by presence of many of NGOs, different educational institutes and various departments of Pune Municipal Corporation.

4 Faculties along with 13 students actively participated in this program.

Activities initiated under Contributing to Welfare of Masses

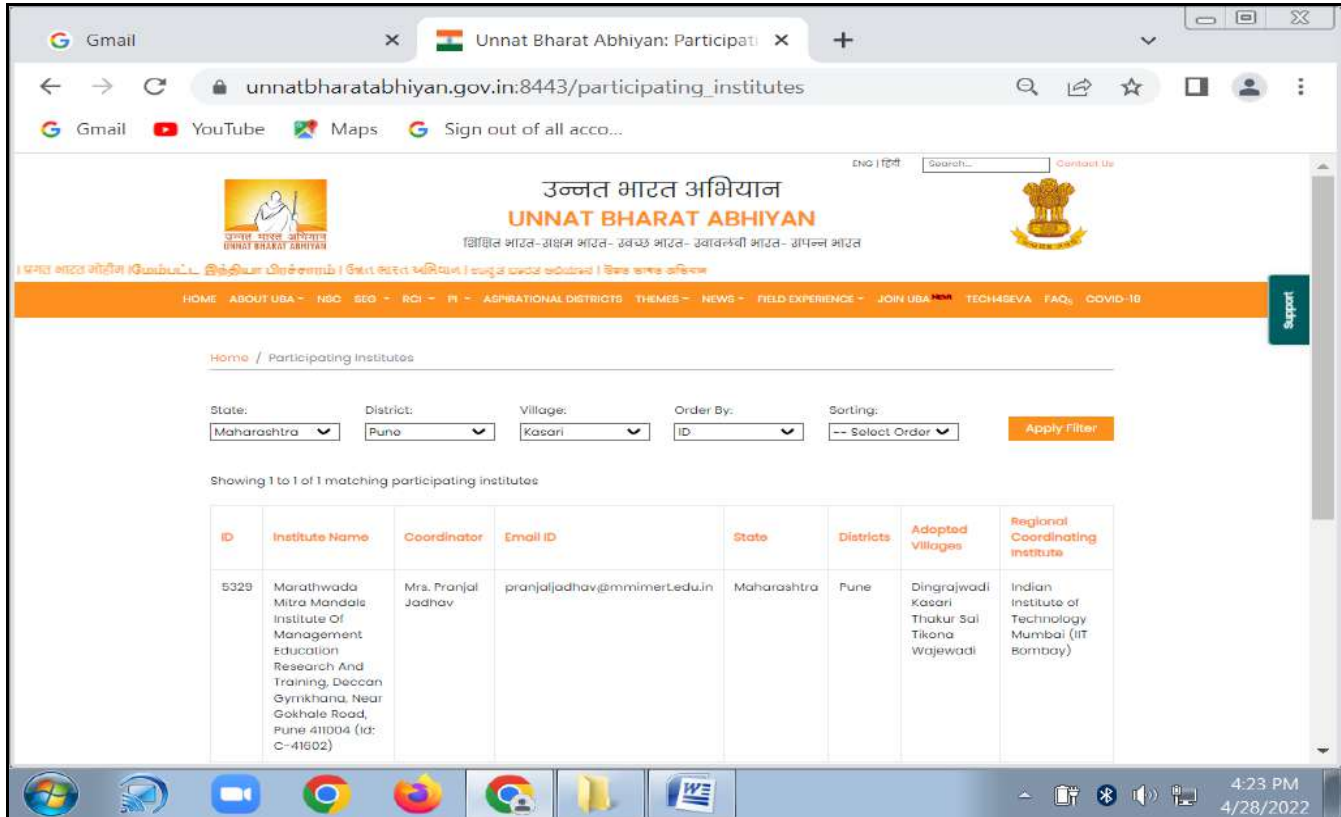

Report on UNNAT BHARAT ABHIYAN

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India. The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. The conceptualization of Unnat Bhārat Abhiyañ started with the initiative of a group of dedicated faculty members of IIT Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions, RuTAG coordinators, voluntary organizations and Govt. agencies actively involved in rural development work, during a National workshop held at IIT Delhi in September, 2014. The program was formally launched by MHRD in October, 2014.

MM's IMERT is one of the participating institutions (PIs) is expected to establish a UBA Cell which will be responsible for carrying out the activities of the UBA. This will involve the development of an active working group consisting of motivated faculty members drawn from various disciplines. The main responsibility of a UBA cell will be primarily to develop linkage with selective rural clusters, involve in the planning process and to promote the requisite S&T interventions to improvise and expedite the developmental efforts in those clusters.

MM's IMERT has adopted five villages under UBA project. Following are the adopted villages-

1. Dingrajwadi, 2.Thakursai 3.Tikona 4.Wajewadi 5.Kasari.

IMERT has received seed money of Rs. Fifty thousand from Ministry of Education(Govt of India) for conducting the village and household survey in the above mentioned five villages under UBA.

MM's IMERT has completed **the first phase** of the survey for all the five villages in the month of April 2022.

The second phase of the project was to conduct the household survey. This was conducted in two visits. First visit was conducted on 12th July 2022, in which 110 students and 11 faculty members participated to conduct the household survey in three adopted villages viz- Kasari. Dingarajwadi and Wajewadi in Shirur district ,

Pune,. The second visit was conducted on 29th July 2022 which covered two adopted villages viz. Thakur Sai and Tikona in Maval district , Pune. During both the visits students interacted with the villagers and the local administration, and tried to understand the social life, Functioning of Administration from Grass root level and aspects of Human Development in these areas. The main objective of this programme is to provide students with insights into the rural economy and the challenges faced by the people. After this programme students able to understand the problems and challenges of local authorities and village people. Students conducted a detail survey, in which they took the information required in the household survey forms given by UBA.

COMMODITY DERIVATIVES AWARENESS PROGRAM

Date of the Event: (DD/MM/YYYY)	21/03/2022	Duration:	3:00 pm to 5:00 pm
Day of the Event:	Monday	Venue:	IMERT (Online Mode)

BRIEF REPORT

An awareness program on commodity derivatives was organized on 21st March, 2022 at 3 pm for the duration of 2 hours. Organized by MM's IMERT under the guidance of SEBI, the program was directed towards the students from College of Agriculture in Hanumanamatti, Dharwad, Karnataka. The aim was to educate students studying agriculture about the importance, features, latest trends and technicalities of commodity derivatives.

COMMODITIES DERIVATIVES AWARENESS PROGRAM

ORGANISED BY

An Initiative of Investors Protection & Education Fund of Securities And Exchange Board of India.

Ms. Kavita Jha, the vice president of NCDEX, was the speaker of the session.

The panel also consisted of-

1. Evita Edwards from IAD of OIAE, SEBI.
2. Dr. Chidanand Mansur, Dean & Campus Head, College of Agriculture, Dharwad, Karnataka.
3. Mr. Revansiddhappa Veershetty, Regional Manager, National Fertilizers Limited.
4. Dr. Mangalgouri Patil, Session Organizer, IMERT.

The speaker, guests and participants were introduced by the anchor.

The speaker initiated the presentation by speaking about the importance of commodity derivatives. Ms. Jha explained that, if we look through a larger lens, commodity market is the foundation for equity market. She rightfully added how the companies listed in equity market need commodities as raw material for the production. She explained the need of exchange – there is insurance for everything but varying prices of commodities and that is why participation in exchange is important if a person wants to be insured against uncertain pricing of the same.

FLOW OF PRESENTATION

- Importance of Commodities Derivatives Markets
- Commodities Markets in India and World
- Main Agri commodity Exchange & Commodities Traded
- Major Participants
- Some important definitions and terminology
- Mechanism of Trading on Exchange Platform
- Role of Trade Facilitator i.e. Broker
- Factors affecting Commodities Trade
- Investor Do's and Don'ts

Moving ahead, the evolution and structure of commodity derivatives were discussed. The steps by which an investor can start trading were explained. The speaker emphasized the importance of hedging by adding how *not hedging is also speculation*.

Arbitrage and its type—cash to cash and cash to future—were discussed. Difference in commodity and equity market, commodity derivatives eco-system, stakeholders and their stakes were mentioned. The session was introduced to terms such as staggered delivery, FSP, offset and commodity index.

Delivery logic, price discovery and price risk management were some of the many crucial points in the session.

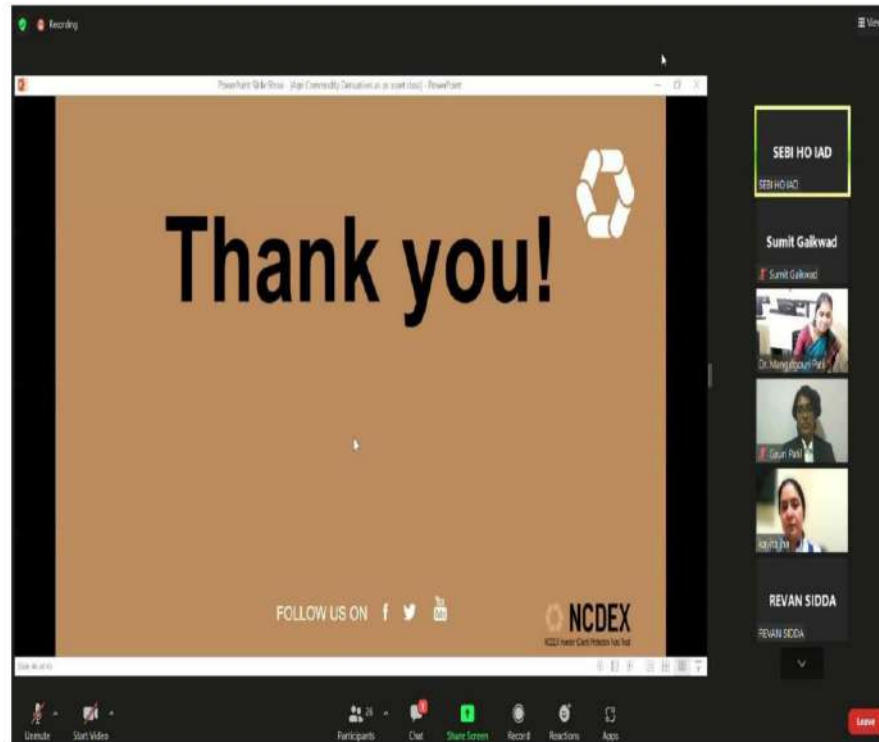

The types of commodity derivatives- options contract and futures contract- were reviewed. Ms. Jha talked about a very crucial topic—warehousing. The conditions for the verification of the warehouse and the warehouse provider and the process of depositing goods in the warehouse were explained.

The later part of the session consisted the investor's guidelines—the do's and don'ts for the participants. The awareness against dabba trading was stressed upon. The participants were encouraged to ensure that the brokers are trustworthy and contracts are thoroughly studied before involving into any agreement or obligation.

Ms. Kavita Jha tried to have an interactive session despite the restrictions of online mode by interacting and discussing examples and cases with the anchor. She constantly checked if the participants understood the points and tried to give examples so that the content is relatable.

By the end, Ms. Jha asked multiple choice questions to the participants about the content discussed in the session. In case of wrong options being chosen, the speaker explained why the answer was inaccurate and informed the correct answer. The Q&A was open after that. She answered queries of the participants.

After the questions were answered, Dr. Mangalgouri Patil thanked the speaker and all the other participants by giving the vote of thanks. The session ended by 5 pm.

SOCIAL APPEAL TO ALL INTERNAL STAKE HOLDERS

Small Farmers Agribusiness Consortium (SFAC) is an Autonomous Society promoted by Ministry of Agriculture, Cooperation and Farmers' Welfare, Government of India. It was registered under Societies Registration Act XXI of 1860 on 18th January, 1994.

SFAC has pioneered the formation and growth of **Farmer Producer Organizations (FPOs)**, which is now being implemented across the length and breadth of the country. Farmers Producers Organisations (FPOs) are the organisation of farmer-producers that provide support to small farmers with end-to-end services covering almost all aspects of cultivation from inputs, technical services to processing and marketing.

This appeal is in acknowledgement of a circular received from AICTE No. 737; to all the stakeholders of Marathwada Mitramandal's Institute of Management Education Research and Training to buy the raw agricultural products of FPOs like cereals, pulses, oils, millets, spices and condiments as well as ready to eat products like biscuits, tea leaves, honey, savory and sweet mixes.

Edu Youth Meet by Art of Living

'EduYouth Meet with Gurudev Sri Sri Ravi Shankar' event was planned on 4th February 2023 from 6 pm to 9pm at Kothrud, Pune. The grand event was hosted by the Savitribai Phule, Pune University and top Education Institutions of Pune, in association with the Indian Council for Cultural Relations and the Art of Living foundation. In this program over **One Lakh student created a world record by pledging to a drug-free India.** This was a gathering of youth and educators to strengthen human values and spread the ancient message.

Program started with a live concert and cultural program by renowned Artists. After that Prominent defense personnel and educator formal V.C. SPPU - Prof. (Dr.) Nitin R. Karmalkar, Dr. Karad – founder of MIT Institutes, Pune, addressed the youth. All present expressed their commitment to implement the National Education Policy in its true spirit.

Shri Shri Ravi Shankar in his address to the young audience reminded them of their potential, energy, present opportunities and the incentives of being young. He said the new India will be leading the world in many frontiers and for that energy of the youth and experience of elders must be combined. Youth have to put in the smart work with total commitment, passion and choice. He advised them to select the profession and occupation of their choice not giving in to the pressures. One must be persistent in the effort for achieving the goals and do not give in to the negative, suicidal tendencies.

After the talk Shri Shri Ravi Shankar interacted with the gathering regarding their every concern and answered the questions of youth. He advised them to be tactful in negotiating with the people who have negative vibes. People are behaving the way they are, because they are concerned with your future and success.

The program concluded with the felicitation of eminent personalities in the Pune who were present. 1 faculty member Prof. Sachin Kshirsagar along with 4 students attended the event.

CONCEPT NOTE

EduYouth Meet with Gurudev Sri Sri Ravi Shankar

In Pune on 4th February 2023, 18:00 to 21:00 hrs.

1. Covid Care Program (CCP) Organised by Savitribai Phule Pune University (SPPU) in association with the Art Of Living

- The CCP (June 2021) was aimed to bring peace & solace to the Students, Faculty & Principals during the fatal pandemic.
- 1,26,000 (One Lakh Twenty-Six Thousand) Students and 426 (Principals successfully completed the 3 day, 2 hour program which included Yoga, Pranayama & breathing techniques to combat stress and anxiety .
- The feedback from the participants were astonishing as they experienced significant and instant relief from stress, anxiety & fear, during the destructive pandemic.
- The peak of the CCP success was a “Symposium” organised by SPPU in association with The Art Of Living and the Hon’ble Vice Chancellors (VC). Symposium witnessed the Hon’ble Governor of Maharashtra Shri. Bhagat Singh Koshyari & Gurudev Sri Sri Ravi Shankar addressing 38 Vice Chancellors across Maharashtra.

2. Collaboration with the Ministry of Education with the Art Of Living

The Ministry of Education, vide its letter dt. 24/11/2022 (D.O. No.2-102/2022) has recognised the efforts of the Art Of Living and has guided all the Hon’ble Vice Chancellors across India to collaborate with the Art Of Living to promote wellness & mental health programs in all the educational institutions.

3. Highlights of the event – EduYouth Meet

- After the grand success of the Covid Care Programs, EduYouth Meet is an opportunity for meaningful collaboration.
- EduYouth - An Educators and Students Meet organized in Pune on 4th February 2023 (6 to 9pm) with Gurudev Sri Sri Ravi Shankar.

- The event is expected to be attended by more than 1,00,000 (One lakh) students and over 5000 (Five Thousand) educators along with the Hon'ble Vice Chancellors & Hon'ble Pro Chancellors.
- The participants will be awarded with a Certificate of Participation.

4. Objective of the Program:-

- 1,00,000+ (One Lakh) students along with their Educators shall take an oath to live a Drug Free Life. This pledge will enter the Guinness Book of World Record, an oath that is one of its kind.
- The Event aims to inculcate the idea of Human Values (wrt NEP 2020) and also inculcate values, ethic & culture amongst the students.
- Gurudev shall also give practical techniques for stress free exams.

5. Event to be graced with the attendance of:-

- Hon'ble Shri. Vinay Sahasrabuddhe, President of Indian Council for Cultural Relations.
- Hon'ble Vice Chancellors & Hon'ble Pro Chancellors (Pune & Maharashtra), Principals, Educators & Students.
- Renowned International Sports personality, Renowned Singer and Renowned Movie personality conferred with Maharashtra Gaurav Puraskar.

This will not just be an event but an holistic experience that can shape our young minds, bring the educators and students on the same platform and leave all with a feeling of care and contribution, and shall be a remarkable sight to behold.

I humbly solicit Your active participation in an individual capacity, to partner in the EduYouth Meet. A humble request to actively involve the Students & Faculty in the event. I also look forward for meeting Your Good Self, in-person as per convenient time to gather your valuable inputs, better understanding & ideation.

Warm Regards

Yoga For Vasudhaiva Kutumbakam

Marathwada Mitramandal's Institute of Management Education Research and Training (IMERT) in association with Marathwada Mitramandal's College Of Engineering (MMCOE) organized a **Yoga session One World , One Yoga on 21st June 2023** on the occasion of **9th "International Day of Yoga"** for our students and staff members by a renowned Yoga Instructor Dr. Manali Deo. This session was organized to promote "One Yoga for One World" initiative by the Government of India. The theme for 9th International Day of Yoga 2023 is 'Yoga for Vasudhaiva Kutumbakam,' which depicts effectively encapsulating our collective aspiration for 'One Earth, One Family, and One Future.

In the beginning of the session, Dr. Shubhangee Ramaswamy, I/C Director, IMERT and Dr. V.N. Gohokar, principal, MMCOE addressed the participants on the essence of celebration of yoga day. During her session, Dr. Manali Deo guided the participants on how regular practice of yoga builds strength, awareness and harmony in both the mind and body. She also demonstrated the Yoga Protocol having different "Asanas and Pranayam" exercises. Session was co-ordinated by Prof. Aparna Shastri and Prof. Tushar Gujar. 37 staff members and 49 students participated in the program.

SAHAJ YOGA WORKSHOP

As per the notification received from Savitribai Phule Pune University, no. – 163/2023 dated – 06.04.2023. IMERT's ISR Committee conducted a workshop on "Sahaj Yoga" on 27th May 2023 at 9.00am. Sahaja Yoga meditation, which is about the ancient Knowledge of Our Roots is founded by H.H. Shri Mataji Nirmala Devi on March 21, 1923. 4 faculties and 45 students attended the session. Mr. Dhanesh Paradkar, Business Development Manager, Vodafone UK, imparted the training in the workshop with his assistants. First, the students were given the knowledge about the scientific basis of the Yoga practice and its benefits. After this a guided session through the Shahaj Yoga was conducted in which the students performed the meditation. On completion of the meditation students shared their experience. All students without exception felt a calm and composed mind. The experience was something new, which was beneficial for them. Mr. Paradkar also answered students' questions regarding the practice and procedure to inculcate the meditation in their daily routine. Many students expressed their intent to continue meditation practice in their daily life.
